Here over Thanksgiving weekend? Head out to the club!

Yes, we are officially closed -- but if you're going to be here over the Thanksgiving weekend, we are staffing the club one last time this season!

Davisville will be open on both **Saturday, Oct. 12, and Sunday, Oct. 13**, with court stewards on duty and balls available between **10 a.m. and 5 p.m.**

After that, while the club will be officially closed for the season, you can still head out and use the courts. We won't be taking down the nets until the weather tells us it's time!

Among the **women**, **Joanne was the highest scorer**, with 163 points. **Catalina Lopez de Lara came second**, with 155 points.

A fond farewell: Fun at our Closing Day round robin feast!

The weather had trouble making a real decision, ranging from overcast skies with droplets of rain and blustery wind to bright sunshine. But DTCers, undaunted by the changing conditions, were at the courts to take part in our official **Closing Day round robin feast**, featuring plenty of fun on-court play accompanied by a yummy pizza lunch.

We had a grand 2019 season and thank everyone for making it so memorable. We look forward to seeing you at our **year-end party**, and on the courts until the weather says otherwise.

Once that happens, though, you don't have to give up DTC tennis. Stay tuned for details about **Davisville's winter tennis offerings!**

How to play against the wind

Here is some sage advice from our head pro, Brian Ahlberg:

Now that fall has arrived, very windy days can be common. And the **key to success in windy conditions is consistency.**

To help play more consistently, **put more balls up the middle of the court. And move those feet!**

When the wind is at your back, try to **increase the amount of topspin** on your ball. This offers added safety to shots.
